CELLULAR FOAMS

Everad® HAP 3497

The versatile PREMIUM hotmelt you have been waiting for so long!

Striving for efficiency

Mattress manufacturers increasingly use a variety of different materials to make their products more comfortable and more efficient. To that end, they frequently use hotmelt technology. Everad® has developed a new product that is suited to the manufacturing of all types of mattresses. It is a PREMIUM glue with many qualities that makes it THE ideal solution that meets all your requirements in term of performance, quality and all workers' job safety needs as well as environment respect.

Everad® HAP 3497: THE PREMIUM hotmelt glue

Everad® HAP 3497 is a hotmelt adhesive that is perfectly suitable for gluing in mattress production: spring mattresses, foam mattresses, latex mattresses and mattress covers and tops. Without any odour, it allows gluing with high initial tack, and yet allows repositioning. The adhesive has been developed for adaptation to manual and automatic processes. Its relatively long open time makes it easy to use product.

Everad® HAP 3497 will provide the following additional benefits :

- 100% solid content
- 100% solvent free, 100% VOC free
- One component
- NO ODOUR
- Non filled glue, transparent
- Viscosity suitable for application in beads or spray
- Eco-passport Ökotex certification
- Fulfills the requirements of American standard F.D.A. (Food & Drug Administration)
- Suitable for gluing foam, viscous-elastic foam, latex, non-woven materials etc. to each other or to other materials
- Versatile bonding
- Single side application
- Manual or automatic application process
- Long open time
- Suited to gluing with and without tensions
- High initial tack
- Repositioning possible
- High final cohesion
- High yield
- Fast process
- Soft bonding line
- No residual tack
- Pack free pillows packaging for simple, fast and direct use in melting tanks

Everad® HAP 3497 is suitable for all bondings in manufacturing spring and foam mattresses

Everad® HAP 3497 hotmelt adhesive has no odour and eliminates annoying squeaking noises in mattresses
