CELLULAR FOAMS

Everad® TAC Easy Duo Box 2K

Simple solution for a 2C adhesive

The technology for waterborne 2C contact adhesives

Waterborne, two-component contact adhesives from Everad® can be used on all kinds of substrates and meet the highest of expectations.

The 2C system can be used to create highly resilient bonded joints. For example, bonded joints involving very dense or rigid foams under tension.

Boasting a reliable metering system, this superior technology can be used by anyone.

Everad® TAC Easy Duo Box 2K

To make this technology for 2C contact adhesives easy for everyone to use, Everad® has devised a simple and powerful concept: the Everad® TAC Easy Duo Box 2K.

Aqua-Duo Box.

The system consists of :

- 1 Box containing two 9 kg cartons (1 x Everad® TAC 2020 A and 1 x Everad® TAC 2010 B)
- 1 Pressure regulator
- 1 Multiple-tube system
- 1 Two-component gun

Benefits of the Everad® TAC Easy Duo Box 2K :

- Portable equipment
- Low capital cost
- Easy to use, because adhesive is gravity fed
- Very high conveying capacity
- Rapid adhesive application
- Ease of use
- Low maintenance
